

Well built for well-being

CONSOLIS

TECNYCONTA

Consolis Group

Together we build the societies of tomorrow

- We offer **sustainable precast concrete** solutions with efficient designs.
- We build **logistic or industrial centers**, homes, data centers, offices, universities, stadiums and long-lasting infrastructures.
- We have proved **that it is possible to contribute to society from the construction** industry by the usage of more sustainable materials, saving energy and natural resources.

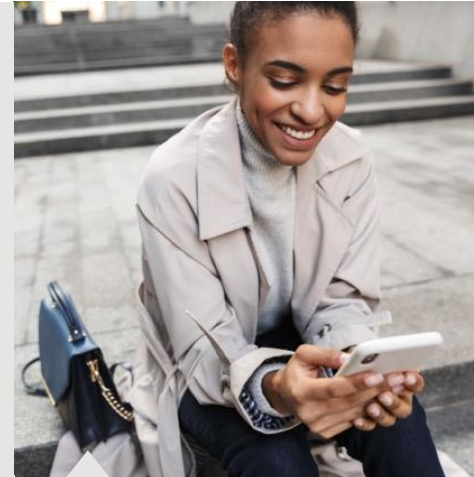

Consolis' strategy rests on four equally important pillars

Team

"We house the best leaders and experts in our industry to drive our success"

Climate

"We differentiate by unlocking the construction industry's environmental challenges"

Customer

"We win in each market by having the strongest local customer relationships"

Local

"We are local leaders in each market, and win by using scalable processes as a group"

Benefits of precast concrete solutions

- › High **quality** standards.
- › More sustainable:
 - Carbon footprint and waste **reduction**.
- › More **efficient**:
 - Fixed planning and less time on site.
- › Workplace **well-being**.
- › Higher customer **satisfaction**.

“
**We drive the sustainable
transformation in the
construction industry**”

Marcelo Miranda, Consolis Tecnyconta CEO

Green Spine Line®

Committed with sustainability

- We are a strong force in our industry, and we are committed to **taking the lead** to influence and drive improvements in the construction industry.
- **By deeds, not words**, our teams will prove that improvements come from conscious decisions, shared knowledge, experience, and collaboration with our suppliers and customers.
- **Together** we will reduce the environmental impact of our products and operations.

Innovation

Materials

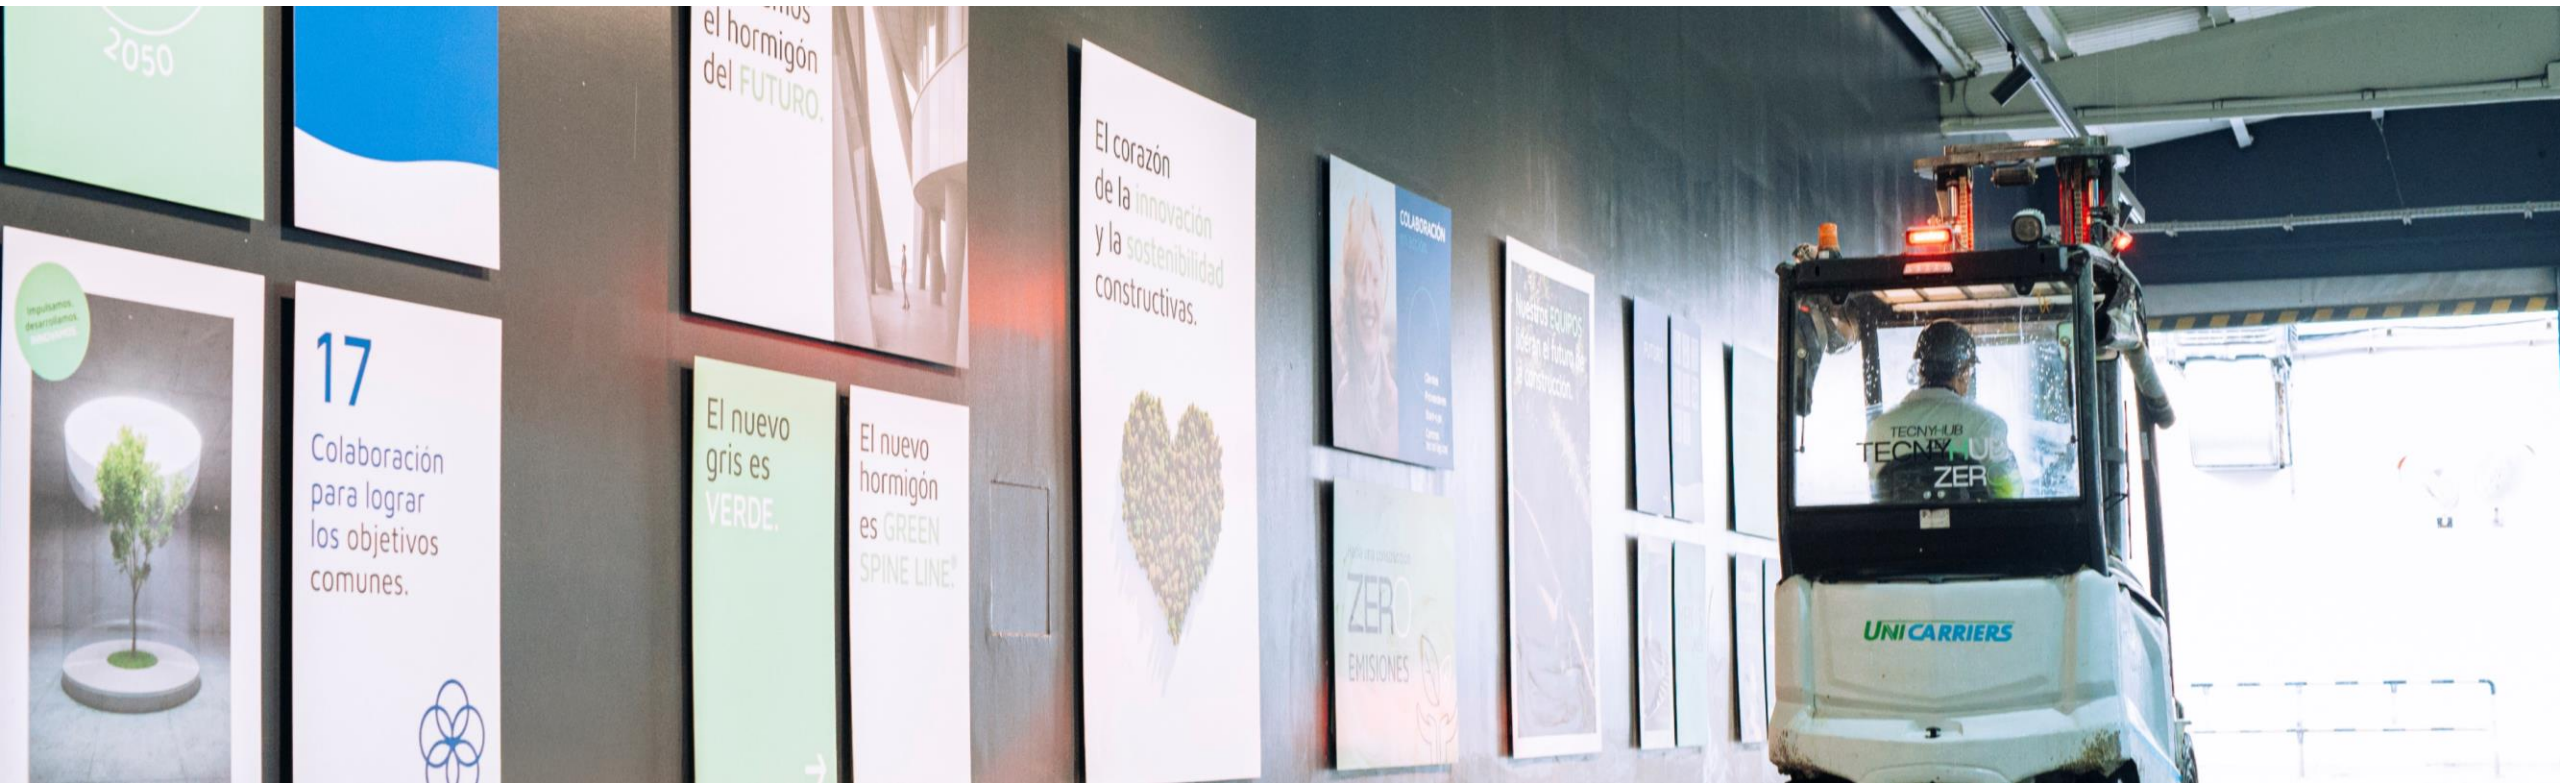

- Reduction of the carbon footprint of our products

Design

- Global structural optimization
- Reduction of sections: material savings

Productivity

- Factory efficiency
- Standardization
- Lean Manufacturing

TOWARDS THE **SUSTAINABLE TRANSFORMATION** OF CONSTRUCTION

Innovation and **sustainability** go hand in hand in the development of our Green Spine Line® line.
